For information of all offices, subject VALERI apprehended Boston evening of instant bank robbery, subject BOND apprehended evening 9/23/70 Grand Junction, Colorado, subject GILDAY apprehended 9/28/70 at Worcester, Mass. Present whereabouts of subject [redacted] unknown, last known to be in Philadelphia, Pennsylvania area evening 9/24/70. Subject [redacted] identified as [redacted] (LNU), last observed in company with subject BOND at Salt Lake City Airport 9/26/70.

For information of all offices, the following background information is set forth.

On the morning of 9/23/70, instant bank was robbed by subjects BOND, [redacted] and VALERI. Subject GILDAY waited outside of the bank until after robbery and between two to three minutes after escape from bank was effected, GILDAY fired 31 shots from a semi automatic .45 caliber Thompson at two uniformed Boston Police Officers who arrived on the scene. Police Officer WALTER SHROEDER died as a result of gunshot wounds.

Investigation identified subjects as robbers who obtained \$26,585.00.

Subject VALERI arrested in Boston. VALERI admitted his participation in instant bank robbery and identified other subjects. Further identified STANLEY R. BOND as the individual who fired shots inside bank and took money from tellers. He identified [redacted] as female companion inside bank who stood by side door holding .30 caliber carbine rifle. VALERI placed himself in bank by front door holding sawed off shotgun and armed with concealed 357 magnum. These individuals made their getaway from the bank in a 1965 or 1966 blue Chevrolet which had been stolen in Springfield, Massachusetts 9/22/70. At that time the car had Connecticut plates. Later in Boston the day before the bank robbery, VALERI identified GILDAY as going out and stealing set of Ontario plates and placing same on the blue Chevrolet. GILDAY's fingerprint has been identified on the Ontario plates on the getaway car.

b6
b7C

BS 91-4219

VALERI further indicated [redacted] as the driver of a switch car which was located a short distance from bank and described this car as a 1961 or 1962 Ford station wagon.

b6
b7C

VALERI identified 5th participant in the robbery as WILLIAM MORRILL GILDAY, JR., aka Lefty, an individual who was stationed diagonally across the street from the bank in a 1970 white Ambassador four door which bore N.J. license plates. This car had been rented in New Jersey by BOND using stolen identification in the name of [redacted]. VALERI stated GILDAY armed with a semi automatic .45 caliber Thompson with a 30 round clip and one in the chamber making a total of 31 rounds.

b6
b7C

Following the robbery all of the individuals met at BOND's apartment, 337 Beacon Street, Boston, Massachusetts at which time he determined that in excess of \$26,000 was taken in the robbery. Also at this time GILDAY admitted that he had shot a police officer and emptied the gun on the bank.

Shortly thereafter, 1967 Volkswagen Fastback, red, was purchased in Brighton, Massachusetts by [redacted]. This car has VIN 317105208 and bears Massachusetts registration 22127F. This car has not been recovered to date.

b6
b7C

Subjects BOND, [redacted] and [redacted] then drove to Philadelphia, Pennsylvania in this Volkswagen and obtained a room at the Sheraton. While in Philadelphia they met with [redacted] interviewed in Philadelphia and admits being in Boston with these subjects on evening of bank robbery and also admits being with them at the Sheraton in Philadelphia. [redacted] interviewed and also admits seeing subjects in Philadelphia 9/24/70.

After instant bank robbery, car used by subject GILDAY recovered in Medford, Massachusetts in vicinity of Tufts University. GILDAY up to 9/28/70 when captured was subject of an intensive manhunt in the Massachusetts, New Hampshire border area.

BS 91-4219

VALERI after death of officer SCHROEDER furnished complete story of number of robberies by this group and revolutionary activities of violence including robbery of National Guard Armory in Newburyport, Massachusetts on 9/20/70, the attempted arson of the city of Beverly Hills, California by means of a Molotov incendiary, as well as robberies of banks in Los Angeles, Chicago and Philadelphia. These bank are identified as follows:

Bell Savings and Loan Association
7578 Haverford Avenue
Philadelphia, Pennsylvania
9/21/70

Equitable Loan and Savings Association
Beverly Hills Branch
9738 Wilshire Boulevard
Beverly Hills, California

Prudential Savings and Loan Association
2114 Central Street
Evanston, Illinois
8/18/70

In connection with the Evanston, Illinois bank robbery, warrants have been obtained for VALERI and BOND. In connection with the Philadelphia bank robbery, fingerprints of BOND have been identified on the Molotov cocktail used in this robbery and Philadelphia is in the process of presentation of this matter to the USA, Philadelphia.

VALERI characterized this group as individuals with aims of attacking the military system and undermining the police powers. They also intend to strike against upper class citizenry and help minority groups. They plan use of violence against these structures and intended to use proceeds from robberies to further their aims and make contributions to organizations such as the BPP. VALERI stated he knew these individuals had contacts throughout the U.S. but was unaware of specific identities of all individuals. He identified [redacted] as members as well as [redacted] (LNU) from Philadelphia, alleged to be a demolition expert. (Philadelphia Office has tentatively identified [redacted] LNU as [redacted]).

BANK ROBBERY

"TEN MOST WANTED FUGITIVES" PROGRAM

Susan Edith Saxe and Katherine Ann Power, reputed members of a radical, revolutionary group dedicated to attacking the United States military system and undermining police powers, who are charged in the murder of a Boston police officer following a bank robbery, have been placed on the FBI's list of "Ten Most Wanted Fugitives."

Both former students at Brandeis University, Waltham, Massachusetts, Saxe and Power allegedly joined three Massachusetts parolees in the September 23, 1970, robbery of the State Street Bank and Trust Company, Boston, Massachusetts, wherein \$26,585 was seized. Shortly after the bank robbers fled with the loot, a Boston police officer arriving at the crime scene was shot and killed in a burst of fire from a semiautomatic .45 caliber Thompson submachine gun. Saxe allegedly carried a .30 caliber rifle inside

the bank during the holdup and Power drove a getaway car. Federal warrants issued at Boston, Massachusetts, on September 24, 1970, charge Saxe and Power with unlawful interstate flight to avoid prosecution for murder.

Saxe and Power are additionally charged in Federal warrants issued at Boston on September 25, 1970, with theft of Government property from a National Guard Armory at Newburyport, Massachusetts, on September 20, 1970.

In addition, Federal warrants issued at Philadelphia, Pennsylvania, on October 1, 1970, charge Saxe and Power with participation in the September 1, 1970, robbery of the Bell Federal Savings and Loan Association, Philadelphia, wherein loot totaling \$6,240 was taken at gunpoint. One of the bank robbers also reportedly attempted to ignite a "Molotov cocktail" during this holdup.

Saxe was graduated from Brandeis University in June, 1970, magna cum laude, and was subsequently a graduate student at the same institution. Power was a senior at Brandeis this year.

They reportedly belonged, along with the three male bank robbery suspects, all of whom have been apprehended, to a small, revolutionary-type organization which, in addition to attacking military and police forces, reportedly advocated violent attacks against established society and robberies

to further their aims and provide financial contributions to such organizations as the Black Panther Party.

Saxe, a white American who was born on January 18, 1949, at Hartford, Connecticut, is 5' 4" to 5' 5" tall, weighs 160 pounds, has brown hair, hazel eyes, a medium complexion, and a heavy build. She may wear contact lenses and has utilized Social Security Number 095-38-5405.

Power is a white American, born at Denver, Colorado, on January 25, 1949, who is 5' tall, weighs from 145 to 150 pounds, has hazel eyes, light brown hair which may be dyed black, a medium complexion, and a stocky build. She has a pockmark on her left cheek, an appendectomy scar and a large scar on her abdomen. She has utilized Social Security Number 522-74-2089.

Both Saxe and Power should be considered armed and very dangerous.

Anyone with information concerning either of these fugitives, who may be traveling together, should promptly contact the nearest office of the FBI, the telephone number of which may be found on the first page of local telephone directories.

The woman stood to the side of the tellers' counter and held what he thought was a carbine on the bank employees who had their desks on the main floor. The two men confronted the tellers' windows and demanded their money. One of the robbers fired several times above the tellers' heads. He heard one man give a teller ten seconds to get his money and begin to count off the seconds. He was concerned that the robber would shoot one of his tellers.

After the robbers received bags of money from the tellers, they ordered everyone to lie down on the floor. The robbers then left, and he called everyone to the rear of the bank. Shortly after, they heard additional shots which came through the front window of the bank. Again everyone dove to the floor. While on the floor, he noticed a police officer trying to get in at a back door. He was able to make his way back to the rear door and let the policeman in. He described the robbers as follows:

Man Number One was a white male; approximately 25 - 35 years old; 6 feet tall; 185 - 200 pounds; well built; dark hair; normal complexion; dark jacket, and trousers; carrying Army automatic which appeared to be new.

Man Number Two was a white male about the same age as Number One, not quite as tall and well built; he could not recall the weapon that this man was carrying.

The female was a white woman, about 25 - 30 years old. She was stocky; between 125 - 140 pounds; 5'6" or 5'7" tall; and wore a purple dress and sunglasses. She was carrying a rifle or a carbine.

This morning at approximately 9:35 a.m. he was on the main banking floor near the rear entrance to the bank. He observed a car pull up to the side of the bank near the back door. He noted at this time that the color of the hood of the car was blue. He said that he thought that whoever was driving the car was very lazy pulling up so close to the back door of the bank. He said the last thing he saw was that the car backed up out of his sight. He said he observed three people in the car, two males and what appeared to be a female in the car.

[redacted] said at this time he was talking to bank employee [redacted] when in the back door came a male, who hereinafter will be referred to as unknown subject number one, carrying an automatic pistol which [redacted] described not as big as a forty five caliber. Behind this individual came another male (who hereinafter will be referred to as unknown subject two) carrying what appeared to be a sawed off shotgun.

b6
b7C

The number one man walked over to the guard, [redacted] and told him to get down on the floor and took [redacted] gun. The girl came in the back door and said, "Don't move". This girl was carrying what appeared to be either a carbine or shotgun and was holding the barrel toward the floor. When the girl came in the back door, [redacted] said he was facing the tellers area and could see the girl to his left but was facing the number one man dead ahead. The number two man walked over to the middle of the floor toward the front door of the bank. The number one man said, "Don't move" to everyone. He then went to the tellers counter and said, "Empty everything and get the money out of the

vault". [redacted] said that behind the tellers cage there were four tellers on duty at that time. He said the tellers cleaned out the cash drawers but he did not know about the vault. [redacted] said that the teller put the money in a white canvas money bag.. He said that the number one teller had put his money on the shelf and was told by the number one man to get the money out of the vault. [redacted] said that the teller was fumbling with the combination on the vault and the number one man said, "You've got ten seconds to open the vault or I'm going to shoot." [redacted] said immediately thereafter the number one man fired a shot into the wall over the tellers heads.

b6
b7C

When the number one man had the bag of money, he ordered all of the tellers down on the floor and all three left by the back door from which they entered.

[redacted] said he did not hear the number two man speak as he seemed to be watching everyone. In regard to the girl he never heard her speak a second time. [redacted] said that he was down on the floor while the robbery was taking place and after they left the bank he heard the car driving out of the lot toward Western Avenue where it turned right toward Cambridge. He said he observed only the tail end of the car which was blue in color.

b6
b7C

[redacted] said that he immediately pulled the alarm at [redacted] desk. He said the front door of the bank was locked and then "all hell broke loose." He heard shots and glass flying inside the bank. He said he had started to cross over to the Everett Street side of the bank and a bullet went through the window over his head and hit the wall near the clock and the slug bounced back near his body. He said he picked up this slug which he gave to the bank security man.

[redacted] said that he did not see any car outside of the bank.

b6
b7C

[redacted] said he also gave the bank security man the cartridge from the automatic which was fired by the number one man into the wall.

She went down to get [redacted] a cup of coffee and returned to the main floor. She had just put the coffee down on the table when she heard loud noises from outside the bank and realized someone was firing shots into the plate glass windows of the bank. Immediately everyone dove on the floor. She crawled into the small conference room and shortly thereafter a police officer came into the room and telephoned for help.

She did not witness any of the actual robbery nor could she identify any of the participants. She believed the shots came from a white automobile parked across the street from the bank.

[redacted] Head Teller, State Street Bank and Trust Company, 300 Western Avenue, Brighton, Massachusetts, and a resident of [redacted] commented as follows:

b6
b7C

On the morning of September 23, 1970, after the bank opened at 9:00 AM, and sometime prior to 10:00 AM, he had counted \$61,000. which had been put into his compartment in the vault. He had been off on Tuesday, the day before, and prior to leaving Monday, had given \$18,000. to [redacted] a teller. On Wednesday, [redacted] had returned \$17,000. of the \$18,000. to him. He counted this on September 23rd, and returned it along with the \$61,000. to his compartment in the vault.

b6
b7C

After counting his money he returned from the vault to his cage, which is number three, and was stooping down to unlock his cash drawers when he heard voices. He then stood up and saw two men in the bank with guns in their hands. They were walking back and forth waving the guns, hollering, "Don't move, everybody back, everybody down."

These two men were in front of the tellers' cages, and the one to his left told [redacted] to "fill the bags." He thinks there may have been two bags, a new one with the wording of "State Street Bank" printed on it, and a second older one.

b6
b7C

[redacted] left his cage, which is the fourth one, to go and fill the bags at the vault. He saw [redacted] start down to the vault, and at this point he approached the second man, who had been standing on his right, facing him. He pretended to be confused and asked this man what he wanted him to do. While talking to the man, [redacted]

over his head and hit a sign which was hanging on the rear wall of the bank. This man who took the shots at him was standing to his right, between the second and third cage. The man was standing seven or eight feet away from the counter, and was facing him on an angle being about fifteen feet in all away from him.

After the man shot at him, he got down fast on the floor and crawled over to the cubicle where the drive-up window is located. In addition to himself, [redacted] were also there on the floor. While there, [redacted] fainted.

b6
b7C

He stayed on the floor for about five minutes and then half arose, at which time he observed the man who took the shots at him go out the door leading to the parking lot. He then went down again on the floor for about 20 seconds, until somebody said it was okay to get up. After he got up, he looked out the drive-up window and could see that a customer was sitting in his car at the drive-up cage. He wanted to warn this unknown man about the hold-up, and motioned to him to lay down. This young man then did lay down on the seat of his car.

In all, the robbers were inside the bank about seven minutes, and after they left he returned to his own cage. [redacted] had left his desk and was standing in front of the tellers' cages when at least four shots were heard. All the bank in unison hollered, "Get down" [redacted]

Out the window he could see a man pointing a gun in the direction of the bank. This man was in the driver's seat in a white sedan, about three years old, make unknown. This car was not a luxury type car and appeared to be a lesser priced car. The car was parked on Western Avenue, beyond the intersection of Everett Street. It was facing in the direction of Watertown, was about a car's length beyond the traffic light, and was parked in front of a building owned by the city of Boston.

The man in this car was leaning out the window holding a big long gun, type unknown. Two shots in rapid succession, one right after the other, then came through the bank window. The first shot came through the bank window as [redacted] was dropping to the floor behind his cage, and then a second bullet came through the bank window. While on the floor he also heard a couple more shots. All in the bank stayed down three or four minutes until somebody said it was okay to get up.

He could not say as to whether or not the man in the white car was either one of the two he had seen earlier inside the bank.

The robbers who while in the bank spoke to [redacted] looked very much like the fellow that was with him, and possibly they were brothers. He was about 30 years old, appeared to be the same height as the other man, was dark and swarthy, and was wearing darkish clothes.

The man who took the shots at him inside the bank appeared unmasked and had a black pistol. His description was:

Age:	About 30
Race:	White
Height:	5 feet 10 inches or 5 feet 11 inches
Weight:	180 pounds

He is a teller at the Drive-Up window at the State Street Bank and Trust Company, Western Avenue, and Everett Street, Brighton, Massachusetts. This window faces the rear parking lot of said bank.

On the morning of September 23, 1970, he returned to the Drive-Up window from a break and shortly thereafter heard an explosion, which he subsequently determined had been a shot. He turned to face into the bank and saw a man standing near the literature rack and in front of the wall clock above the tellers' cages holding a gun, a shoulder-type weapon, possibly a short rifle.

This individual was described as:

Sex:	Male
Race:	White
Age:	Mid 20s
Height:	6 feet
Weight:	180 - 190 pounds
Build:	Stocky
Face:	Full and sun-tanned
Clothing:	Dark blue jacket and blue stocking cap, wearing light green sunglasses
Peculiarities:	Strong commanding voice with no particular accent.

This individual then moved to a position in front of the cage occupied by bank teller [redacted] and was heard to mention money and something to the effect he would give him ten seconds to open his vault. This individual then began to count, and told [redacted] to put the money in a bag.

Very soon thereafter, a second white male who could only be described as a bit taller than the first bandit, and about the same build, was heard to order everyone to get down. He complied with these instructions by dropping to the floor of his cage.

The bandits were not observed to leave the bank. Subsequently, he heard some shots and observed plaster falling from the walls. He observed a whitish color car parked on the north side of Western Avenue, facing in a westerly direction, and located west of Everett Street, just beyond the traffic light. A white male with out glasses was observed inside this car, looking over at the bank holding what appeared to be a gun pointed out the car window.

On September 23, 1970, at approximately 9:35 a.m., two white men and a woman came into the bank. The woman stood in a position which was not in his view. The two men confronted the tellers' windows. Both of these men were armed. One appeared to have a weapon which he thought was a sawed-off shotgun, and the other one was carrying a hand weapon. He recognized the hand weapon as either a pistol or a revolver.

The man with the shotgun fired two shots over his head and stated, "Give me your money." He immediately began removing his money from his cash drawer and put it on the counter. The robber said, "Give me a bag" or "Put it in a bag." He put the money in a middle-sized used coin bag which contained the name either State Street Bank and Trust Company or Federal Reserve or National Shawmut Bank and Trust Company. He said the bag probably contained the name State Street Bank and Trust Company. He gave the money to the robber and then ducked under the cage.

He then heard the robber announce, "Go to the vault and get the rest of your money." The robber said, "Hurry, hurry. I'll give you ten seconds to get into your vault." The robber then started to count to ten. He immediately jumped up and went to his storage safe and opened it and scooped up the money he had stored therein and put this money in a new State Street Bank and Trust bag and gave it to the robber. He is teller number 173 at the Western Avenue Branch of the State Street Bank and Trust Company and had been at this position since the bank opened at 9:00 a.m. on this date. He noted that his position is the first window on the left hand side after one enters the front door of the bank.

At approximately 9:40 a.m. he was working on the counting of night deposits when a man walked up to his window, waved a hand gun about and shouted something about a holdup. The weapon was black in color and appeared to be an automatic. The man stated, "Let's have it, everything." At this point shots were being fired inside the bank over the heads of the tellers and a bag was thrown over the counter top by the robbery with instructions to [redacted] to fill it up. When he had placed everything in his drawer in the bag, including [redacted] in bait money, he then proceeded to the bank vault where the robber had ordered him to go. [redacted] attempted to open the vault but inasmuch as he was a new teller and because the combination to his vault was sticky, he could not open the vault. At this point [redacted] another teller was standing alongside [redacted]

The robber then appeared to become irritated that [redacted] could not open his vault and then said, "I will give you ten to get that open" and the man began counting downwards from 10 to 0. The shots were still being fired in the bank and [redacted] became extremely agitated and could not open his vault. He then heard the robber order the bank personnel to fall to the floor. He immediately fell to the floor in an area adjacent to the walk up window. [redacted] stated that he was placed in such fear at this point that he wished he could crawl three inches into the linoleum. He remained on the floor for sometime until he heard other employees moving around inside the bank

and he then got up and proceeded near his teller window. At this time other employees who had been on coffee break in the basement during the robbery came up into the teller area.

At this point shots were heard and glass began flying throughout the interior of the bank. [redacted] fell to the floor again and immediately crouched in the corner near his teller cage in the direction away from the walk up window. He stated he did this because he could not be sure whether the shots were being fired through the front window or through the walk up window. He remained in this position again for a considerable period until someone in the bank stated that the coast is clear.

[redacted] stated that he thought he saw two robbers inside the bank but he could not describe the second man who he thought was standing near the front door.

The man who threw the money bag at him was described as follows:

Race:	White
Sex:	Male
Age:	Late 20's to early 30's
Height:	~6' - 6'2"
Build:	Husky
Weight:	200-225

[redacted] telephone [redacted] stated she is employed as a teller in the draft cage at the Brighton Branch of the State Street Bank, 300 Western Avenue, Brighton.

She stated that she was working at the bank on September 23, 1970 and advised the following regarding the events of that morning:

At approximately 9:25 a.m., she was having coffee with four other bank employees in the downstairs lounge of the bank. Approximately 9:30 or 9:35 a.m., she heard a loud noise upstairs in the bank, but did not become concerned about it.

Three to four minutes after the loud noise [redacted] also employed as a teller at the bank, came running downstairs and stated that the bank was being held up. [redacted] advised she observed [redacted] Bank Manager, with his hands up and [redacted] Bank Guard, lying on the floor. It is to be noted that [redacted] had just proceeded upstairs from the coffee lounge when the loud noise occurred.

One of the employees in the lounge [redacted] then all the employees downstairs went into the ladies bathroom located downstairs.

Approximately three minutes later [redacted] yelled downstairs for everyone to come upstairs.

[redacted] proceeded upstairs and went behind tellers cage #3 where she engaged in conversation with other bank tellers regarding the robbery which had just taken place.

A few minutes later [redacted] heard approximately two loud noises and then glass breaking. Just prior to ducking under the tellers cage, she looked out the front window and saw a male in a white car parked across the street from the bank on Western Avenue heading west, shooting a gun in the direction of the bank. A few minutes later the shooting stopped and everyone got off the floor.

[redacted] telephone number [redacted] who is employed as a teller at the State Street Bank and Trust Company Branch located at 300 Western Avenue, Boston, Massachusetts where he has been employed since December, 1969, furnished the following information.

b6
b7C

At approximately 9:45 a.m. he was downstairs in the lounge area of the above described bank with tellers [redacted] [redacted] where they were having a coffee break when they heard a noise upstairs that sounded like a shot and that they joked amongst themselves that the bank was being held up because of the noise. [redacted] went upstairs to investigate and she returned and stated that there was a holdup in progress. [redacted]

b6
b7C

[redacted] After a period had elapsed of approximately three minutes, someone from upstairs yelled for them to come up from downstairs. After waiting a few moments to make sure that it was not the robbers but an employee summonsing them, they returned upstairs and went in the area behind the counter. Shortly after they arrived upstairs, shooting from outside began. As the shooting started, [redacted] noticed a white male in a white late model car parked diagonally across the street from the bank on Western Avenue heading west. This individual appeared to be shooting in the direction of the walk up window and he fired approximately three or four times and at this point a large truck pulled up and would have obscured the man doing the shooting vision of the bank. The man doing the shooting pointed the weapon at the driver of this truck and forced him to stop the truck. He then turned the gun toward the bank and began shooting into the bank. At this point [redacted] dropped to the floor behind the tellers counter as the man continued to shoot. After the shooting had stopped for a sufficient period of time, [redacted] got up off the floor and at this point the car was gone.

b6
b7C

[redacted] added that when the man initially started to shoot, he saw two police officers running beside the bank toward the rear parking lot. After he had gotten back up

[redacted] home telephone number [redacted] provided
the following information.

He is employed [redacted] by the State Street Bank and Trust Company and was acting in such capacity at approximately 9:40 a.m. on this date. He was standing at this time in front of the desk of Assistant Manager [redacted] and was facing the teller counter. At this point a man with a knit stocking on his head walked up and said to him, [redacted] stated he did not see a gun in this man's hand at first but then saw what he thought was an automatic. This man grabbed [redacted] gun and attempted to pull it out of his holster, however, the gun was strapped in and the man had difficulty removing it from the holster. The man then ordered [redacted] to the floor and he immediately fell on his stomach facing the rear door of the bank. He then saw a girl standing near the back door of the bank carrying what appeared to be a carbine. He also thought he saw a second man standing near the front door of the bank with a gun in his hand. He advised that he does not recall specifically, but he feels one man inside the bank was holding what appeared to be a sawed off shotgun.

b6
b7C

One of the men then went to the tellers counter and threw a bag over the counter and ordered the tellers to fill it up. This man repeatedly stated, "Move it up, move it up." [redacted] then heard a shot fired inside the bank and saw a hole in the bank behind the tellers counter suggesting that the shot was fired over the heads of the tellers. The bag appeared to be a white heavy canvas bag similar to a bank money bag. After it was filled the man standing outside the teller counter ordered everybody to get on the floor and then the robbers fled out the rear door.

b6

A few minutes passed while everybody milled about the interior of the bank and then several shots issued and bullets flew through the window and glass fell against the floor. A white car was parked at the corner of Western Avenue and Everett Street diagonally across from the bank and it appeared that the shooting issued from this car.

[redacted] stated that he found a shell casing on the floor of the bank which had fallen alongside of him as he ran on the floor and he was also given a slug which had been picked up off the floor by Assistant Manager [redacted] These items were turned over to ballistics officers of the Boston Police Department.

[redacted] advised she had just finished transacting some banking at the drive-in teller at the State Street Bank and Trust Company, Western Avenue, Brighton, Massachusetts, branch about 9:35 a.m., when a 1968 light-blue-colored Chevrolet with Ontario plates on the car, drove into the yard of the bank. She advised she saw a woman get out of the car, who had a rifle by her side, and go into the bank with two men.

She stated when she saw the rifle she thought the bank was going to be robbed and then drove out of the yard and went to the Esso gas station located nearby on Western Avenue and telephoned the Boston Police Department and related what she saw and told the police she thought the bank was being robbed.

She stated she drove back to the bank and arrived about the same time as the Boston Police Department prowler car drove into the yard by the bank. She stated as she arrived in the yard she saw the police officer get out of the car and then heard about ten shots being fired and then saw the police officer fall to the ground. She stated she did not see anyone shooting a gun but the shots sounded as though they were coming from the Everett Street side of the bank. She stated right after the police officer was shot someone in the bank opened the door of the bank and yelled at her to come into the bank. She stated she went into the bank and when the shooting was over she left the area and drove off in her car. She stated during all this time she was by herself.

She advised she could not describe the two men, only to say they were white males and wore sunglasses.

She stated the girl was a white female; 5 feet 4 inches to 5 feet 5 inches tall; in her late twenties; and wore sunglasses; and had jet-black hair. She also stated she could not describe the dress of the two men and the woman. She stated the car she saw had Ontario plates, the first three numbers being "504."

Special Agent [redacted] Federal Bureau of Investigation, on September 23, 1970, found what appeared to be one (1) .45 caliber bullet in the residence of [redacted]

b6
b7C

This residence is located directly behind the State Street Bank and Trust Company, 300 Western Avenue, Brighton, Massachusetts, and its northerly side faces the rear of the bank and Western Avenue.

The bullet was located lying on the third step of a flight of stairs leading to the attic from the rear bedroom located on the north east corner of the second floor of the above house. Directly above the bullet was a four inch furrow in the wall. On a line from this furrow was a hole through the exterior north wall of the house.

From the outside, this particular hole was located horizontally approximately midway between the two upper windows on that side of the house, and vertically, about half the height of the windows.

This bullet was marked with "RS" scratched in the lead at the base.

He advised between 9:30 and 9:45 a.m. on September 23, 1970, he was driving a company pickup truck down Western Avenue toward Watertown, Massachusetts. He came to a red light and stopped behind a truck. He suddenly heard a loud pop pop pop, looked out of the corner of his eye and saw a fellow sitting in a car parked alongside of the curb above the red light heading toward Watertown and he saw a black barrel sticking out the window. He saw a black barrel extending from the car across the street in the direction of the bank and the fellow squeeze the trigger of the weapon which was apparently an automatic type weapon and he saw him fire six or seven more shots. It is his belief that the gun was possibly a carbine but he was not positive. He recalled the man was wearing a blue shirt. He advised that when he saw this, he got out of his car and dove to the ground. He advised that he believed that the truck ahead of him pulled up and blocked the intersection. He advised that he was not sure of this fact because everything was happening so fast.

He described the car as a 1968 or 1969 beige or tan colored car, make unknown, but he believes it possibly could have been a Chevrolet. He thought the car had New Jersey plates SEW and the number 237. After the shooting this car took off at a high rate of speed down Western Avenue toward Watertown.

[redacted] advised that from what little chance he had to observe the individual doing the shooting from the car, he furnished the following description of the person shooting the weapon.

[redacted] On the morning of Wednesday, September 23, 1970, was driving a Northeastern Electric Company truck in a northerly direction on Everett Street, Brighton, Massachusetts, approaching Western Avenue. A Boston, Massachusetts police car in front of him and heading in the same direction pulled into the rear parking lot of the State Street Bank and Trust Company, Western Avenue and Everett Street, Brighton, and stopped approximately on the sidewalk. At this time, he noticed a car parked on the north side of Western Avenue, west of Everett Street, near the corner and facing in a westerly direction. He could only describe the car as light in color, and possibly a 1967 or 1968 General Motors car.

At about the time [redacted] passed the parked police car, he saw two police officers alight and run towards the bank. As they got into the open area between their car and the bank, he heard what he believed to be shots, and saw dirt kicked up in front of the policemen. The police officer in the lead, gun in hand, fell to the ground, turning towards the direction of Western Avenue. He appeared to be attempting to raise his gun, but failed as he apparently didn't have the strength.

b6
b7C

The above-described car parked on Western Avenue contained one white male, sitting in the driver's seat and leaning out the window, facing in the general direction of where the police officers were located. Both his arms were outside the window and he was firing some type of shoulder-held gun, also pointed in the same direction.

Date 10/1/70

1.

The interview of ROBERT JOSEPH VALERI was initiated at 9:00 p.m. in a room adjacent to the Homicide Squad Room at Boston Police Department Headquarters in the presence of Lieutenant [redacted] of the Boston Police Department Homicide Unit. The interview was initiated with introductions to VALERI of the interviewing personnel. Lieutenant [redacted] in the presence of VALERI advised that VALERI had previously been advised of his constitutional rights in compliance with the Miranda Decision. At 9:01 p.m. an Interrogation of Rights form was furnished to ROBERT JOSEPH VALERI. VALERI at 9:02 p.m. refused to sign the Advice of Rights form and same was noted and witnessed by the interviewing agents at 9:03 p.m. VALERI read the form after which he acknowledged that he understood the form and consented to the interview, however, he was reluctant to affix his signature to anything. At 9:04 p.m. Lieutenant [redacted] read another advice of rights form to him and the interview was started.

b6
b7C

ROBERT JOSEPH VALERI advised he was born on January 15, 1949 at Leominster, Massachusetts. He stated that he is single and has been living with his grandmother EDITH BOTTOMLEY, age 62, 17 Grandview Avenue, Somerville, Massachusetts in the second floor apartment, telephone number 625-2829. He was questioned as to his occupation and he advised he is a freshman engineering student at Northeastern University, Boston, Massachusetts attending day classes. He was questioned as to whether or not he had attended school on September 23, 1970 and he advised that he registered at Northeastern University on September 15, 1970, attended classes until Friday of the previous week, September 18, 1970. He advised he had not attended classes at the University during the week starting September 21, 1970.

He was questioned as to his whereabouts on September 23, 1970. He advised he could not answer, that it would cause conflicts with something else. He advised that he could not say anything where he was on September 23, 1970 and added he was probably sleeping until 9:00 a.m.

He stated he did not want to answer as to where he slept the previous night but he was not at his grandmother's home at 17 Grandview Avenue, Somerville, Massachusetts.

He advised he was paroled from MCI Walpole on June 3, 1970. He was questioned concerning his knowledge of the bank robbery at the State Street Bank and Trust Company, 300 Western Avenue, Boston, Massachusetts the morning of September 23, 1970 and he refused to answer any question about this robbery.

At this point he was told that his picture had been taken during the course of the robbery of the State Street Bank and Trust Company on September 23, 1970 and he advised that this was not true. Two photographs developed from the bank protective camera were shown to him, which photographs included two male individuals robbing the bank. He was questioned concerning any statement he might have made to a taxi cab driver who had transported him the evening of September 23, 1970 and he admitted that he had spoken to an unidentified cab driver concerning the fact that a Boston Police Officer had been shot during a bank robbery in Boston on September 23, 1970. He admitted that he had purchased earlier that evening a newspaper in Medford Square which contained the story of the robbery and the shooting of the police officer and he stated that he had this newspaper with him in the cab and this was the only basis for his conversation with the cab driver.

He denied knowing the identity of the two individuals who appeared in the bank protective camera photograph taken at the time of the bank robbery which had been displayed to him.

At 9:24 p.m. VALERI requested a drink of water which request was granted and the interview was stopped and re-initiated at 9:25 p.m.

He was questioned at this time whether he knew STANLEY RAY BOND and WILLIAM MORRILL GILDAY, JR. He admitted

BS 91-4219

3.

knowing BOND and identified MCI Walpole photograph number 311015 taken February 13, 1970 as a photograph of an individual known to him as STANLEY BOND and Boston Police Department photograph number 149947 as an individual known to him as WILLIAM MORRILL GILDAY, JR. He advised that he was living with GILDAY after his release from MCI Walpole in June, 1970 at the Halfway House at 79 Chandler Street, Boston. He stated he last saw STANLEY BOND and GILDAY approximately four weeks ago when they were going from Boston to attend a play in the Provincetown, Massachusetts area produced by SAL MINEO.

He was again questioned concerning any knowledge whatsoever he had relative to the robbery of the State Street Bank and Trust Company on September 23, 1970. He then added "I can't say anything, I won't" and added if he was there he was a part of it and he cannot talk. He was questioned relative to the above statement and he stated that he was talking in theoretical terms and did not mean the above statement was an admission of his involvement.

At 10:03 p.m. he was asked whether or not he wanted any food. He stated he was not hungry but requested a glass of milk which was given to him. The interview was terminated and re-initiated at 10:05 p.m. at which time the following descriptive data and background was obtained.

1.

ROBERT JOSEPH VALERI was interviewed by SA [redacted] as a continuation of a previous interview with SA [redacted] and Lieutenant [redacted] of the Boston Police Department.

b6
b7C

At 10:31 p.m. on this date VALERI discussed the FBI's jurisdiction and attitudes toward the New Left with Agent [redacted]. He inquired as to the FBI's responsibility in this regard and stated that he had several things weighin on his mind that he had to resolve in order to make a decision as to how to get certain information to the proper authorities. VALERI stated he was not refusing to answer questions but was stating he could not answer them because his ultimate goals had not been accomplished and he felt that with only a partial knowledge of his situation, that people would find it hard to believe him as it may appear bizarre to someone who was unfamiliar with the attitudes of individuals with whom he has been involved.

VALERI stated that the people responsible for the robbery of the State Street Bank and Trust Company, 300 Western Avenue, Boston, Massachusetts on September 23, 1970 were also responsible for other criminal acts, however, they did not view these acts as criminal in nature but viewed them as justifiable acts to further their revolutionary causes. He stated that these people are a part of a group of individuals located throughout the country who have similar attitudes. VALERI stated that these individuals were engaging in what they term as a revolution and the criminal activities were either a symbolic act or a means to finance their organization. By a symbolic act, VALERI explained that the group wanted to do away with the different class' of people inasmuch as approximately five percent of the people were very wealthy and a much larger percentage were very poor, that these individuals had an idealistic attitude that they could develop a common class citizenry and that their criminal acts were aimed at attacking the upper class society or at military or governmental establishments. He stated that they intended to attack the police powers and to undermine the military structure in the United States.

VALERI stated that he first became acquainted with this type of attitude while incarcerated at MCI Walpole with STANLEY BOND. BOND developed a far left attitude and was completely disenchanted with the present form of government, police structure and military organization and that he had definitely viewed himself as a revolutionary. VALERI also met GILDAY while in prison and GILDAY and BOND had discussions about BOND's attitude and following their release, BOND, GILDAY and VALERI continued their association inasmuch as they were all enrolled in the Student Tutor Educational Program (STEP) with BOND attending Brandies University and GILDAY and VALERI attending Northeastern University. While BOND was enrolled at Brandeis, he engaged both directly and indirectly with individuals who possessed similar views concerning our governmental structure. It was during this time that they began discussing ways of obtaining money to finance this organization and VALERI became acquainted with other individuals who he had met through BOND. VALERI then decided that these individuals were so intent on accomplishing their goals that he felt that they were a definite threat to society. He stated that because of this he joined the group to eventually assist the government in undermining the group. VALERI stated that his intentions were to collect as much information about these people as far as names, address and organization structure as he possibly could after which time he intended to go to the CIA or FBI with this information.

He originally joined with them with the attitude of being an indirect participant, however, these plans were altered and he became a direct participant and "worked up front." They had discussed going underground and violating their parole and operating "up front" while underground.

VALERI stated that these individuals involved in the State Street Bank and Trust Company bank robbery were all members of this organization and they shared similar views. VALERI stated that in addition to himself, BOND and GILDAY, two girls from this group were involved. VALERI was hesitant to identify the girls at this particular time and he stated he was trying to resolve in his own mind the best way in which he could help undercover this organization. He stated that

by not answering any questions at this time that he could still rejoin this group and find out additional information which he did not possess at the present time. He felt that he could possibly escape and rejoin these people and operate underground and obtain the necessary information for the federal authorities to assist in their investigation of these people. He stated at the present time he did not know of specific names but he did know that these people had professed to him to have connections throughout the United States. VALERI stated it was his full intention to cooperate with the authorities and that he must determine which would be the most beneficial to the government.

VALERI stated he was sure all of the people that participated in this bank robbery would be difficult to find because of their political connections throughout the United States and once they went underground, people throughout the country would hide them. He stated, however, that one of the individuals, GILDAY, may not be entirely honest as to his viewpoints and that he may not be in the organization for a cause but more for personal financial gain. In this regard VALERI explained that the proceeds of their criminal activity were not divided equally among them but that the proceeds were handled by BOND who dispersed them to all members of the group on a need basis and that if they needed money, BOND would dole the money out to them but there was "no cut" of the proceeds of the criminal activities.

VALERI stated that he was not aware of BOND or GILDAY's present locations.

VALERI was questioned concerning the location of the car that was used in this robbery. VALERI stated that the car that was used by GILDAY was a 1970 white Rambler four door which had been rented in New Jersey and bore New Jersey license plates and that the car was presently in a parking lot adjacent to Tufts University in Medford, Massachusetts.

BS 91-4219

VALERI advised that he was willing to cooperate with the authorities in whatever way they deemed would be the most advantageous.

This interview was terminated at 12:28 a.m. on September 24, 1970.

FEDERAL BUREAU OF INVESTIGATION

Date 10/1/701.

ROBERT JOSEPH VALERI advised that he did not hold any grudges against Lieutenant [redacted] of the Boston Police Department or SA [redacted] but he wanted to sit down and discuss his problem alone with SA [redacted]. He furnished the following information.

b6
b7C

VALERI stated that GILDAY was the individual who was responsible for the shooting of the police officer and that he and the other participants in the bank robbery had departed the scene and were not aware that the police officer had been shot until after hearing it on the radio. He stated there were shots fired during the commission of the bank robbery and these shots were fired by STANLEY BOND. He also stated that there was a girl inside of the bank with them who was armed and she was acting to further her beliefs. He stated that this girl was dressed in a purple dress and that she had been in the bank just prior to the robbery to determine if the safe was open and was insistent on going into the bank during the commission of the robbery.

VALERI said that the first they knew of the police officer being shot was when they heard it on the radio and that he had seen GILDAY after the robbery and GILDAY stated that he had shot at the police officers because he was assisting them in the getaway from the vicinity of the bank inasmuch as the police officers were pulling into the parking lot as the getaway car was departing. At this time GILDAY stated that he had dropped the car in a parking lot adjacent to the Tufts University campus. He described the area of the parking lot as the lower campus of Tufts University in giving his description of the car. VALERI stated that late in the evening of September 23, 1970 he was enroute to visit a friend in the Medford area riding in a taxicab and he spotted the car in the location as described by GILDAY.

The interview was terminated at 12:39 a.m.

ROBERT JOSEPH VALERI was contacted at his request at the Brighton District Court, Brighton, Massachusetts by SA [redacted]. Prior to any discussion concerning the robbery of the State Street Bank and Trust Company, 300 Western Avenue, Brighton, Massachusetts on September 23, 1970 and the shooting and killing of Boston patrolman WALTER A. SCHROEDER incidental to this robbery, VALERI was advised of his rights as set forth on a form entitled "Interrogation; Advice of Rights" which was also furnished to VALERI. VALERI read this form, stated he understood its contents and was willing to waive the rights contained therein and VALERI manifested this by executing the waiver portion of this form. VALERI thereafter furnished the following information.

b6
b7C

VALERI stated that he had been informed that Patrolman WALTER A. SCHROEDER had died as a result of gunshot wounds inflicted incidental to the robbery of the above described bank on September 23, 1970. VALERI stated that he wanted to furnish additional information concerning the identity and possible whereabouts of the persons responsible for the robbery and the shooting.

The participants in the robbery of the State Street Bank and Trust Company, 300 Western Avenue, Boston, Massachusetts on September 23, 1970 were WILLIAM MORRILL GILDAY, JR., also known as LEFTY; STANLEY RAY BOND, [redacted] and ROBERT JOSEPH VALERI.

b6
b7C

VALERI was incarcerated at MCI Walpole with GILDAY and BOND. Additionally he was released from Walpole in connection with the Student Tutor Educational Program as were GILDAY and BOND. As a part of this program, GILDAY was attending Northeastern University as was VALERI and BOND was attending Brandeis University. During the time that BOND was incarcerated at MCI Walpole, he began to develop attitudes which were radical in nature toward the establishment, police structure and military establishment. BOND formed these attitudes while attending Brandeis by participating in such organizations as the National Strike Information Center

headquartered at Brandeis and he was a principal in this organization. During his participation in radical movements at Brandeis, he became acquainted with [redacted] and [redacted] who were also enrolled at Brandeis and were participating in these leftist movements. It was through BOND that VALERI met [redacted] and [redacted]. He also met other individuals sympathetic to their cause and who share the same viewpoints toward the establishment as did [redacted] BOND and [redacted] through his association with BOND and BOND's connections at Brandeis University. Two of the individuals who were closely associated with them were [redacted] (LNU), who has been identified as [redacted] and [redacted]. VALERI stated that both [redacted] and [redacted] are completely knowledgeable concerning the activities of the above named individuals and [redacted] was aware of the robbery of the above described bank both prior to the robbery and following the robbery.

b6
b7C

The individuals mentioned above took part in the robbery of the above named State Street as follows.

GILDAY was the driver of a 1970 white four door Rambler which was rented in New Jersey and bore New Jersey license plates. This car was parked diagonally across the street from the bank on the opposite side of the street facing away from the bank. VALERI furnished a sketch indicating the relative position of the car to the bank. GILDAY was armed with a .45 caliber machine gun which had been modified to fire semi automatic. This gun was equipped with a 30 round clip and also carried one round in the chamber for a total of 31 rounds. GILDAY's assignment in the robbery was to be a lookout and in the event of any law enforcement officers arriving on the scene during the robbery, GILDAY was to furnish the adequate coverage in order to permit the ones inside the bank to escape.

BOND was to go inside the bank and to declare the holdup and would take the money from the tellers. BOND was armed with a 9 mm semi automatic hand gun. During the commission of the robbery, BOND fired this weapon over

the heads of the tellers to encourage them to move faster. BOND was wearing sunglasses at the time of the robbery and had his hair combed back..

[redacted] was stationed inside the rear door of the bank through which they entered. She was to stand guard over the customers and employees in that vicinity and she was armed with a .30 caliber rifle. She was dressed in a purple dress. Just prior to the robbery, [redacted] dressed in the same manner entered the bank for the purpose of determining if the safe was open. She walked in and out and informed the group that the safe was open.

b6
b7C

VALERI was to go to the area of the front door of the bank inside where he was to position himself with a 12 gauge sawed off shotgun and was to maintain control of customers and employees in that vicinity. VALERI was dressed in dark clothing and was wearing a dark stocking type cap which he stated he threw away in the vicinity of the area where the getaway car was dropped.

[redacted] was the driver of the switch car which was a 1961 or 1962 white Ford station wagon which GILDAY had acquired a few days prior to the bank robbery. VALERI was not certain where GILDAY acquired the car but stated that he thought GILDAY had mentioned he got the car in Wilmington, Massachusetts.

b6
b7C

The vehicles that were used by these individuals in connection with this robbery were as follows:

1970 white four door Rambler Ambassador, New Jersey plates, that was rented in New Jersey a few days prior to the robbery by BOND. BOND used identification which he had acquired in the holdup of a motel in the Chicago area and VALERI believes that the identification was in the name of [redacted]. VALERI stated that the identification consisted of an Illinois driver's license and an Illinois real estate broker's license. This vehicle was driven by GILDAY during the commission of the robbery.

b6
b7C

BS 91-4219

A 1965 - 1966 blue Chevrolet which was used as the getaway car in the robbery was stolen in Springfield, Massachusetts by VALERI on Sunday night, September 20, 1970 at which time the car bore Connecticut license plates. These plates were switched by GILDAY who stole an Ontario plate in Boston the day prior to the robbery. The Connecticut plates were taken off the car and the Ontario plate was placed on the rear of the car only leaving no license plates on the front. GILDAY is the one who replaced the Connecticut plates with the Ontario plate. This car was abandoned a short distance from the bank following the robbery. During the course of the robbery BOND was the driver of this car.

A 1961-1962 white Ford station wagon was used as the switch car. This car was driven by VALERI to the vicinity of the bank where he got out of the car and [redacted] got behind the wheel of this car and was to be the driver following the robbery. This car was acquired by GILDAY on the weekend prior to the robbery (September 19-20, 1970) VALERI does not know specifically the origin of the car but stated GILDAY mentioned something about getting the car in Wilmington, Massachusetts.

b6
b7C

VALERI described the planning of this robbery as taking place on September 22, 1970 during which time all of the above participants were present and additionally [redacted] was present. The discussion of the robbery took place at 337 Beacon Street which was an apartment rented by STANLEY BOND. After formulating the plans of the robbery for the next day, BOND and [redacted] went to [redacted] apartment at [redacted] where they spent the night. GILDAY, VALERI [redacted] and [redacted] spent the night at BOND's apartment at 337 Beacon Street. On the morning of the robbery, [redacted] and BOND returned to 337 Beacon Street and the weapons were loaded into the cars. They drove in a caravan to the vicinity of the bank with GILDAY driving the Rambler, VALERI driving the white Ford station wagon to the vicinity of the bank and BOND driving the Chevrolet with [redacted] and [redacted] with him. After arriving in the area,

b6

BS 91-4219

VALERI parked the Ford station wagon at a point designated by BOND. He then got out and walked back to the blue Chevrolet and got in with [REDACTED] or BOND. [REDACTED] got out and walked up and got into the Ford station wagon. GILDAY was parked across from the Chevrolet and he got out of the car and walked over and started to talk with the occupants of the Chevrolet. BOND told GILDAY to go and station himself at his position across from the bank. It was originally decided that GILDAY would park the car facing the bank across the street, however, when they arrived at the bank they saw that GILDAY had parked the car on Western Avenue diagonally across the street from the bank. They then drove to the area of the bank and [REDACTED] got out of the car and went into the bank to determine if the vault was open. After returning to the car they drove around the block and came into the bank turning into the bank in the parking lot behind off the side street and pulled in front of the rear door facing out on to Western Avenue. They got out of the car and went into the bank with BOND, [REDACTED] and VALERI going inside.

b6
b7C

Once inside the bank, each of these three individuals positioned themselves as described above. Shortly after entering the bank, BOND fired two shots over the tellers heads warning that they move faster. BOND had forgotten the bag to put the money in and so he requested the tellers to use their own bags. When the money was placed on the counter some of it fell on to the floor and VALERI walked over and picked it up and put it into his pockets. They then departed the bank leaving in the blue Chevrolet and turned right on to Western Avenue. They went to the area of where [REDACTED] was parked in a station wagon and drove away from the area in the Ford station wagon. [REDACTED] and [REDACTED] were in the front seat of the car and BOND and VALERI were in the back seat and were covered up with a blanket. They dropped [REDACTED] off at a shopping center which he believes was located on Route 9 and VALERI got out of the car at Robert Station in Waltham in the vicinity of Brandeis University where he took a train to North Station and from North Station he took the subway to Cooley Square and then walked over to the apartment at [REDACTED]

As he arrived at the apartment, BOND was counting the money. VALERI inquired as to how much they had gotten and BOND replied that it was a little over \$26,000.

VALERI also added that during the time they were departing the bank they heard a newscast of the robbery which stated that a police officer had been shot. BOND and VALERI were discussing the shooting in the apartment when GILDAY arrived. GILDAY came in and BOND and VALERI asked him what happened in connection with the shooting of the police officer. GILDAY stated that he waited around after they had departed the bank and the police arrived. When they got out of their marked cruiser, he opened up on them hitting one of them. During the time that he was firing at the police officers, a large truck moving on Western Avenue would have obscured his vision of the bank and the police officer so GILDAY turned the gun on the truck forcing it to stop. He then turned the gun on to the bank and emptied the entire clip into the area in the vicinity of the bank. At about this time [redacted] arrived at the apartment with some clothing that he had purchased. There was some additional discussion concerning the robbery and the shooting and then VALERI left with the understanding that they would meet again that evening and make arrangements to leave town.

b6
b7C

VALERI was questioned as to where he thought the individuals responsible for this bank robbery may be and he stated that [redacted] had an apartment in Portland, Oregon during the summer of 1970 and it is a possibility she may go to this area. He stated they had also discussed going to San Francisco and going underground and that they had connections in San Francisco which VALERI was not aware of but the plan was that they would go to the San Francisco area.

b6
b7C

During the discussions with VALERI at Brighton District Court, an attorney who identified himself as a public defender [redacted] stated that he had been appointed by the court to represent VALERI. He stated that he wanted to talk with VALERI to determine if VALERI

was aware of his rights and to counsel him in his discussion with the FBI. [redacted] in the presence of Agent [redacted] advised VALERI that he had been appointed by the court to represent him. He inquired if Agent [redacted] had advised VALERI of his rights which VALERI replied in the affirmative. [redacted] inquired if VALERI understood his rights, again VALERI replied in the affirmative. He then inquired if VALERI was talking with Agent [redacted] of his free will and if he desired to continue talking with Agent [redacted] again VALERI replied in the affirmative and stated he would like to talk with Agent [redacted] without the presence of his court appointed attorney.

FEDERAL BUREAU OF INVESTIGATION

Date 9/28/70

ROBERT JOSEPH VALERI, inmate, Charles Street Jail, Suffolk County, Boston, Massachusetts, was interviewed this date by Special Agents of the Federal Bureau of Investigation (FBI). Prior to being interviewed VALERI was shown a form entitled Interrogation; Advice of Rights, which he read, advised he understood and signed.

VALERI advised as follows:

He is part of a group in Boston consisting of approximately six individuals who are part of a group who have formed a loosely knit organization aimed at breaking down the military structure and furthermore intending to eliminate police powers as soon as possible. This group has no official name nor any official headquarters. There is no membership list nor any official organ. There is no organizational structure although one individual on most occasions assumes leadership. This person is STANLEY BOND.

The group has counterparts throughout the country and most major cities, however, VALERI is unaware of what cities or who these individuals are.

VALERI advised that on the previous day, September 23, 1970, he and four other individuals took part in the armed robbery of a bank in Brighton, Massachusetts which resulted in the slaying of a Boston police officer. He advised that the other individuals who took part in this robbery and who are part of the above mentioned group are as follows:

STANLEY BOND, a student at Brandeis University

WILLIAM GILDAY, a former inmate of Walpole State Prison, Walpole, Massachusetts and a part time student

[redacted] and [redacted] both of whom are students of Brandeis University and who are associated with the National Strike Information Center (NSIC) at Brandeis University, Waltham, Massachusetts. Both of these girls were active in the National Student Strike which came about during the early part of May, 1970, as a result of President NIXON's decision to enter Cambodia and furthermore, the slaying of four Kent State, Ohio students.

b6
b7C

He further mentioned an individual named [redacted] [redacted] who was associated with the NSIC and Brandeis University.. He advised, however, that [redacted] although a member of this loosely-knit organization of which VALERI was a part of, did not take part in the bank robbery at Brighton, Massachusetts on September 23, 1970. He does not know where [redacted] resides at this time.

b6
b7C

He further advised that a white female, [redacted] (Last name unknown) also associated with this organization, is formerly of Brandeis University and her present whereabouts is unknown.

VALERI also mentioned a white female residing in New York who was sympathetic towards this group whom he classifies as a "radical leftist", however she has no direct connection with this group. He identified her as [redacted]
[redacted]

b6
b7C

He advised that [redacted] is from Portland, Oregon, however, he is not aware if there is a similar group located in that city.

He advised that there is an individual connected with their organization who lives in Philadelphia and is a demilitarist expert. His first name is [redacted] and he did not know his last name or his address.

The group of which VALERI is a part of rarely makes use of narcotics, however, smoke marijuana on occasion. He also advised that STANLEY BOND makes frequent use of librium to settle his nerves.

For the most part the group has used an apartment located at 337 Beacon Street in the Back Bay section of Boston as a central point for meetings, etc. However, this address was not used as a collective nor does this group normally live as a collective. This apartment is rented in the name of STANLEY BOND.

The group of which VALERI is a part of has taken part in a number of bank robberies for the purpose of building up a fund for their organization which they have yet to give a name to. To date, the organization has no money saved. All of the monies obtained from previous robberies has been spent on "expenses" of the group. The group was intending to donate a sizeable sum of money to the Black Panther Party (BPP) in the near future because the BPP is most similar in aims and philosophy of the loosely knit group of which VALERI is a part of. He stated that they intended to "take from those who have and give to those who haven't".

He went on to advise that after the bank robbery of September 23, 1970, he, STANLEY BOND, and WILLIAM GILDAY, who is also known as LEFTY, had intended to travel to San Francisco, California which was to become a home base for this organization. Their intentions were to cause further destruction throughout the country. He advised that BOND is from California and liked San Francisco very much. This was one of the reasons they were travelling to San Francisco along with the reason that "the heat is on on the East Coast".

VALERI further advised that the organization of which he was a part of has no affiliations with any known New Left organizations such as Students for a Democratic Society (SDS) or the Weatherman Faction of SDS nor does it have any connections with the Black Panther Party (BPP) or any other basic revolutionary organization presently established in this country.

BS 100-39103

4

VALERI advised that although he has a criminal background and has participated in crimes of the past, he is opposed to the actions of his group and has been since the beginning. One of the reasons he became part of this group was to obtain sufficient information about them so that he would be in a position at a later time to furnish pertinent information to the Federal authorities relative to the activities of this group.

FEDERAL BUREAU OF INVESTIGATION

ROBERT JOSEPH VALERI was interviewed at the Suffolk County House of Correction, Charles Street Jail, Boston, Massachusetts. The interview was initiated at 3:35 p.m. The purpose of the interview was to attempt to obtain information which would assist in the apprehension of subjects [redacted] and BOND.

b6
b7C

VALERI advised that the plan after the robbery of the State Street Bank and Trust Company, 300 Western Avenue, Boston, Massachusetts on September 23, 1970 was for the group to split up and to obtain housing in an upper middle class area located in San Francisco, California. However there was discussion about the climate in San Francisco and some of the group were attempting to arrange a rendezvous in either Seattle, Washington or Portland, Oregon. He was questioned specifically as to any information he might have relative to any of the groups connections in the New Orleans, Louisiana area. He said that BOND [redacted]

b6

[redacted] have a lot of political connections. At one time [redacted] as well as [redacted] were supposed to go to Cuba but the plans got messed up and neither one of them made the trip. He suggested the possibility that if they were intending to go to New Orleans, it might be considered as a jumping off spot for a trip to Cuba.

He was also questioned regarding any car which was to be used by the group to effect their escape from the Boston, Massachusetts area. He advised on the afternoon of the bank robbery, [redacted] was sent out from the apartment on Beacon Street to purchase a car. He was not aware of the type car purchased by [redacted]. He stated the money for this car was furnished to [redacted] by STANLEY BOND. He believes the amount was about \$1,000. He also advised that to the best of his knowledge, STANLEY BOND still retained most of the money from the bank robbery and did maintain control of same. He pointed out that STANLEY BOND was the "topman" in the area for the revolutionary group with which they were connected. He advised that if there is a national organization of this group, he did not know the name

He was fully aware of the bank robbery which occurred at the State Street Bank and Trust Company, Western Avenue, Boston, Massachusetts on September 23, 1970 and was also aware of the plans made after the bank robbery to effect their escape. He was also aware of the plans regarding the destruction of the National Guard Armory in Newburyport, Massachusetts and they were fully discussed in a group. He pointed out that STAN BOND cased the State Street Bank and Trust Company the evening of September 22, 1970 and that [redacted] just prior to the bank robbery entered the bank on Western Avenue in Boston to see if the vault was open.

ROBERT JOSEPH VALERI was advised of the identity of the interviewing Agents and was advised that the purpose of the interview was to obtain additional information concerning the robbery of the State Street Bank and Trust Company, 300 Western Avenue, Boston, Massachusetts on September 23, 1970. VALERI was furnished with a form entitled "Interrogation; Advice of Rights" which VALERI read and stated he understood. He thereafter waived the rights contained therein by executing the waiver portion of this form. He thereafter furnished the following information.

VALERI was questioned concerning the extent of [redacted] participation or knowledge in the above described robbery. VALERI reiterated that on the night prior to this robbery, [redacted] was present at BOND's apartment at 337 Beacon Street as were WILLIAM GILDAY, [redacted] STANLEY BOND and VALERI.

They discussed the details of the robbery as to each persons specific responsibilities. VALERI pointed out at this time that originally the plan called for VALERI to be stationed in the lookout car across the street from the bank and GILDAY was to go into the bank. However, on the morning of the robbery, GILDAY stated that he knew how to use the machine gun and that he would rather be the lookout and VALERI should go in. VALERI consented to this. VALERI continued that [redacted] had complete knowledge that this bank was to be robbed on the following morning and was completely acquainted with each of the participants. On the morning of the robbery, [redacted] was present when the group, loaded the weapons into the cars for the purpose of robbing the bank and departed from 337 Beacon Street.

b6
b7C

Following the robbery, [redacted] was also present at [redacted] while the proceeds were being counted by BOND and that he purchased clothing presumably with bank robbery proceeds inasmuch as the day prior to the robbery, [redacted] did not have any money. officer and the problems that they had encountered during the commission of this robbery. There was also discussion as to what they intended to do if they had to go underground to protect themselves from arrest as a result of the shooting. [redacted] was present during these discussions.

b6
b7C

VALERI was questioned concerning the origin of the .45 caliber weapon that was reportedly used by GILDAY in the shooting of the police officer and VALERI stated that this weapon was purchased in New Hampshire by GILDAY. At the time of the purchase of the weapon, BOND was with GILDAY and GILDAY had requested to test fire the weapon before purchasing which he was allowed to do. At the time of the purchase of the weapon, the 30 round magazine was also purchased from the same source. VALERI stated that the weapon resembled that of a Thompson sub machine gun but it had been modified to fire only semi automatic thereby enabling it to be sold without violating the federal firearms statutes.

In regard to other weapons; VALERI stated that he was aware that [redacted] had purchased several weapons in Portland, Oregon during her stay there in the summer of 1970. He believed that one of these weapons was a .30 caliber rifle.

A male individual entered a restaurant in Hampton, New Hampshire, and had gotten into an argument and the local Hampton, New Hampshire, Police Department was summonsed. The man took off in a white colored Station Wagon which was abandoned, and the car bore Massachusetts registration plates issued to a Waltham, Massachusetts, owner. Further investigation by the Hampton, New Hampshire, Police Department located an envelope containing the personal papers of subject, WILLIAM MORRILL GILDAY, JR. Thereafter, police engaged in an intensive manhunt, which included police dogs and aircraft, to track subject GILDAY down. GILDAY was subsequently apprehended Monday morning, September 28, 1970, at Worcester, Massachusetts, by members of the Massachusetts State Police and the Worcester, Massachusetts, Police Department, in a roadblock. At the time of apprehension, GILDAY had two hostages taken from a residence in Haverhill, Massachusetts, after he had terrorized an entire family, September 27 and 28, 1970.

In the early morning of September 24, 1970, officers of his department answered a call from the owner of Kennedy's Restaurant, Ocean Boulevard, Hampton Beach, concerning a person who was causing a disturbance. The officers went to the restaurant and determined from the owner, [redacted] that a white male had been in the restaurant causing a disturbance. [redacted] told the officers that the man was in a car parked outside the restaurant. According to the Chief of Police [redacted] the two officers who had responded to the call, had observed a white male in a station wagon outside the restaurant prior to their conversation with [redacted]. When they left the restaurant the occupant of the station wagon was no longer in it. It was subsequently determined that the occupant was WILLIAM GILDAY and that the car in which he was sitting was a 1962 Ford Station Wagon, color white with brown paneling on the side, bearing Massachusetts license number 325-41H. The car was taken to the Hampton Police station and there processed by officers of the Boston, Massachusetts Police Department, who advised Chief [redacted] that the car had been purchased by GILDAY at a Massachusetts dealership.

At Lexington, Massachusetts

[redacted] furnished the following information:

He is a member of the Christian Voluntarism Society (CVS) of the Hancock Congregational Church in Lexington. The purpose of the CVS is to help prisoners rehabilitate themselves and assist them in preparing for life after they leave prison.

In connection with his work with the CVS he was assigned to WILLIAM MORRILL GILDAY. Over a period of six months, he estimated he had six to eight conversations of GILDAY while he was a prisoner at the State Prison at Walpole, Massachusetts. His last visit with GILDAY was in the fall, 1969.

He said he could not "reach" GILDAY and believes he failed in his attempts to help him rehabilitate himself. He classified GILDAY as a "first class bullshitter", who constantly tried to "use" him to his advantage. Since he would not respond to GILDAY'S request, GILDAY rejected him.

GILDAY was very much interested in going to college for a law degree. He also showed considerable interest in becoming a computer programmer.

GILDAY has not attempted to contact him. He does not know where GILDAY might be at this time. He did not recall GILDAY mentioning anyone who might know his present whereabouts.

He recalls that GILDAY was thoroughly familiar with the Amesbury-Haverhill, Massachusetts area. GILDAY told him that when he was a boy, they used to go down to the Merrimac River at night and steal outboard motors. He said GILDAY told him he knew the Merrimac River like the back of his hand. He said this is the only information that he could furnish that might be pertinent to GILDAY'S present whereabouts.

On September 26, 1970, efforts were made by Special Agents [redacted] to locate [redacted] Attorney, 68 Devonshire Street, Boston, Massachusetts, whose name was found in the wallet of WILLIAM MORRILL GILDAY.

On September 26, 1970. [redacted]

[redacted] stated he worked for IBM, is not an attorney, and is unfamiliar with GILDAY. He stated he understands there is an attorney who has the same name as he does, and noted that only last week a person to person phone call was received by him from Washington, D.C., apparently intended for the attorney. The caller was a [redacted] Washington, D.C. phone number [redacted]. This was a collect person to person call but [redacted] was not home at the time and since he did not know a [redacted] he did not return the call.

b6

On September 26, 1970. [redacted] Attorney,

[redacted] business address, 68 Devonshire Street, Boston, Massachusetts, with the firm of Pizziferro and Todisco, stated he first met LEFTY GILDAY in 1964 or 1965 at a "chance" meeting at the Walpole State Prison while he and his law partner were seeing inmate [redacted].

b6
b7c

[redacted] did not recall specifically how he met GILDAY but stated [redacted] was not an associate of GILDAY and he believes that GILDAY merely approached him, knowing he was an attorney, probably in an effort to obtain legal advice.

[redacted] stated that GILDAY had been trying to have his sentence overturned and probably had heard that [redacted] had been able to help inmate [redacted] along these lines. He stated from 1964 until June, 1970, he saw GILDAY whenever he would go to the Walpole State Prison and would frequently give him legal advice. He stated he understood that numerous attorneys also gave GILDAY advice and that many of their names appear on Supreme Court briefs prepared by GILDAY in which he mentioned the names of attorneys who had assisted him in his preparation. [redacted] stated that his advice to GILDAY was "off-the-cuff" advice and that no fees were involved.

[redacted] described GILDAY as a person with an acute, astute, and outstanding legal mind. He described him further as a personable individual who at first was bitter, but who became ameliorated and "more balanced".

b6
b7c

[redacted] stated that GILDAY came to his office in Boston once shortly after his release in June, 1970, to say hello and let them know he was out. Based on GILDAY'S improvement over the years, [redacted] stated he wrote several letters to the Probation Office and North-eastern University describing GILDAY as a person of good character.

[redacted] advised he has had no contact personally with GILDAY since the time GILDAY came to his office, but he believes that his partner, [redacted] may have spoken with GILDAY once or twice on the phone since that time. He stated he believes that should GILDAY decide to surrender, there is a good likelihood he would contact [redacted]

b6
b7c

[redacted] stated that his firm has handled legal matters for [redacted] who lives on the Massachusetts-New Hampshire state line and also for [redacted] who is in the United States Marine Corps. [redacted] could furnish no additional information.

On September 26, 1970, efforts were made to locate [redacted] 146 Main Street, Digital Equipment Corporation, Maynard, Massachusetts, but contact on that date at the Digital Equipment Corporation determined that no one on duty that day knew a [redacted]. It was determined that phone number 897-5111 and phone 646-8600 were both listed to Digital Equipment Corporation. ~~CONFIDENTIAL~~

A CALL FOR "A SUSTAINED GI PRESENCE IN WASHINGTON, D.C.

As proposed, a program would be undertaken, to commence sometime in early August, that would provide an opportunity, for anti-war GI's to come to Washington, D. C. for one or more days to make a visible presence of their dissent from current governmental policy.

The program would be geared especially to GI's on their thirty day leave period prior to reporting to an overseas replacement station for shipment to Southeast Asia. Other GI's would not be excluded from the program, however.

Some sort of a vigil situation would be set up. Such a vigil could either be picketing the White House, presence on the steps of the Capitol, or a booth to be located in a key area in Washington, such as in Lafayette Park, across from the White House. GI's could then talk with people and distribute literature to them as they pass.

The opportunity would be available for whatever added activities GI's would like to take part in. For example, many would perhaps like to visit their Congressmen to explain how and why they opposed the war. These GI's could also then speak to various civilian groups about the military and the war and repression and lack of Constitutional Rights for GI's.

Additionally, GI's would then be able to investigate the many aspects of the movement that have offices in Washington, such as counseling offices, lawyers, Quaker groups, students (such as National Student Association), Women's Liberation groups, Gay Liberation groups, Black Panther Party, etc. Whatever groups could be of assistance or interest to the individual GI or groups of GI's could be easily contacted.

GI's would stay as long as they wanted, whether it be for a day or a week or a month, since the action would be a sustained thing, with no exact time period, except to say maybe a month or two. The emphasis would not be on huge numbers of GI's, but rather on the on-going aspects of the action.

Liberal peace group support would be relatively easy to get for this action, it is believed. If approved and given the go-ahead, it would be directed from the national office, but the real day to day work would be handled by a separate office, to avoid overburdening this office, (as it already is inundated with things to do.)

Publicity for the action would be gotten out through both the underground press and, if this particular action can draw the financial support necessary, through ads in the straight media. This of course, is not even considering press coverage from the straight press that would probably be fairly good because of the nature of the action.

Action needed on the part of local bases would be basically that of getting the word out to the GI's in their area, however possible.

CALL FOR ON THE JOB TRAINING OF CIVILIANS INTO THE GI MOVEMENT

As proposed, a program would be launched during early August to train civilians in the many aspects of the GI movement. This training would include all aspects of the GI movement; organizing GI's WACs; learning the many details that govern the life of military people; understanding the Uniform Code of Military Justice as well as the numerous administrative actions that can result in discharge or transfer, running a GI coffeehouse, printing a GI newspaper and many other things.

Also, civilians would be provided with an opportunity to learn a lot about self-defense and self-protection, with the training being led by GI's that have become experts in the handling of weapons, in protecting themselves from gas, etc.

Additionally, training would be provided in how groups of people numbering 25-50-100 could work to clog the military machine however possible.

This training would take place at a number of locations, primarily GI coffeehouse projects, with relatively small groups of people remaining at that base project for the bulk of the training period.

Following approximately four weeks of intensive training within the areas cited above, the small groups would get together in a two day conference to exchange what they had each learned at the various projects.

After completing this entire "course", the groups would leave for military bases that are strategic to the movement to end the war and the extension of military power both at home and throughout the world. They would stay for a minimum commitment of three months of intensive work to aid in organizing the GI's at those bases and to clog the machine of the military.

It has been suggested - and strongly received at the North Eastern regional meeting that the emphasis should be on the bases that are engaged in phase one and phase two of the Safeguard - ABM system. These bases (listed in the attached press clippings) are: Grand Forks AFB, North Dakota (a small group is already going there), Malmstrom AFB, Montana; Warren AFB, Wyoming; Whiteman AFB, Missouri. Also of interest along these lines is Minot AFB, North Dakota, the location of the first MIRV system.

The idea would be to clog the machine that is attempting to install this weaponry, utilizing every possible means to do so, everything from GI organizing to civil disobedience to...whatever.

During the month of training that these civilians would be going through, a few key ex-GI's would go to the designated bases to establish contact with some GI activists so that groups would not arrive cold. If people feel that the emphasis for these groups should be at some other location, then the program could be altered to send people to these bases instead. Action needed on the part of the local bases would be in providing contacts and a location for a part of the OJT.

What happened Friday--

--An attempt to clear up rumors, misunderstandings, and bad feelings about the rearrangement of Friday night's activities.

THE HISTORY

Several weeks ago, when the Strategy Action Conference was scheduled to begin on the morning of Saturday, June 27, Women's Liberation scheduled a women's caucus to begin at 1 p.m. Friday, June 26, and continue throughout the evening. Planners of the Student Conference, feeling that women students would also like to participate in the women's caucus, rearranged their schedule so that their first plenary would begin later in the evening, at a time when they thought the women's conference would be over.

At roughly the same time, a group of people who were planning to attend the Strategy Action Conference became concerned with male chauvinism in the Movement. Specifically, they decided that a discussion of male chauvinism, including the way it was manifested in the planning of the conference, was a crucial topic of discussion at the conference if that male chauvinism was to be successfully confronted throughout the conference. When they arrived in Milwaukee on Friday, they put up a sign announcing a men's meeting that afternoon.

FRIDAY

Both the men's and the women's caucuses met throughout the afternoon, and the people participating in them decided to continue meeting that evening. Both were reconvened at 8 p.m.

The Student Conference had planned its opening plenary at 8 p.m. When students arrived for the meeting, the question was put to them: should this meeting be rescheduled so that they could participate in the continuing women's and men's caucuses? There were few people there, and most of them said that they wanted to go to the men's and women's meetings. The Student Plenary was then rescheduled for Saturday morning at 9.

The decision to meet separately on Friday was a spontaneous one, arising from people's sense of what they wanted to talk about during the conference. The decision to reschedule the Student Conference plenary for Saturday morning was not a unilateral one made by conference planners, but one made by participants in the conference, both by their non-attendance at the first plenary, and by the express statements of those who did attend.

As far as the planners of the Student Conference are concerned, what happened on Friday night was not a fuck-up. It was an expression in action of one of the ideas that is important to a lot of Movement people -- that things should not be hierarchical, rigid, unresponsive, and centralized. This conference isn't anything if it isn't what you want.

POWER TO THE PEOPLE

MOVE ON TO LIFE

In fact, the energies on our campuses were overwhelming; in Jan., they were diverted. We want to generate those energies for change. In September, we don't need to wait for a reaction to another international or national tragedy. We have a vehicle for revitalization: the series of events and the synergy of our gatherings. We have a powerful idea/hope/pain and we need your help.

Imagine a hundred thousand brothers and sisters meeting together in each of five cities all across this country. Imagine the heartfelt musicians performing in front of each of these gatherings, with troupes of auxilia members moving among and serving us. Now imagine a giant television screen in front of each gathering where each of the other groups could be seen and heard simultaneously.

The energies would be felt and passed along and built up. We would have synergy, we could use the media for our own purposes with striking visual images for political impact.

Finally, imagine each group playing this same song at the same time with half a million people singing together, and knowing that song was marching this band that would raise our populations and hopes worldwide.

We don't think this is too impossible, we think it will happen. The "comedy of mistakes" is over and over again we try & now we need your help.

We need people to get out there to share the event in their locales. It will require some very organization and coordination work, but that's over for us. All we have to do is find the energy that will be freed and focused by this reason, like the water to move with precision.

This will also raise money for the local movements in each area without having to worry, in will know that the "fundraising" didn't distract from the purpose. This action will show that we're done with our summer - and that we're not waiting until October/November after everything. We're continuing on our way and they'll feel it.

NEW YORK METROPOLITAN STUDENT COMMITTEE

212 3032

212 593 3022

On June 11th, representatives from striking schools met for the first time at Leob Student Center New York University to consider the state of the strike and to develop a plan for the approaching academic year.

Representatives decided that some sort of Metropolitan area student organization should be created. This organization would serve several purposes. First it would provide a base on which the movement could regenerate its momentum in September and eventually provide a strong power base for action on individual campuses.

The union would be formed along the lines of tactics which would allow the maximum amount of autonomy for each interest group in the member universities. The union would function as an information center capable of stimulating the organization of parallel groups on as many campuses as possible; these groups, in turn, would eventually activate a maximum number of people and programs. This of course would give greater thrust to the entire movement.

As far as the schools and their own campus struggles are concerned the union would offer a safe off campus office with phones typewriters and a printing facility. In addition there would be a continuously existing structure capable of putting out an emergency call for bodies when needed for a particular action.

Another important facility would be the eventual formation of a think tank whose research would be invaluable to the various working groups on campus and to the individual school's central organizations.

The groundwork has been established and now commitments are needed from schools as well as representation at the organizational meetings.

BOYCOTT MEXICO!

Because of the international character of imperialism, it is urgent that we in the U. S. be aware of and support revolutionary movements in other countries.

A group of people involved in the 1968 Mexican Student Movement have asked citizens of the United States and Canada to Boycott Mexico and Mexican products until all Mexican political prisoners are released.

As is true in most of Latin America, Mexican police force has been used viciously against the left. During the 1968 movement innumerable people were massacred or arrested and tortured by the Mexican police. Many of these people are still being held prisoner; most have still not been sentenced (including one U.S. citizen being held in Mexico City). Those who have been sentenced serve as a warning of the severe treatment others are likely to receive. (Two Guatemalan students were sentenced to thirty years for a murder committed in Mexico City on the day they were in the Mexican embassy in Guatemala City requesting political asylum.)

Because of the political nature of the Mexican justice system, these prisoners have little hope of release unless pressure is brought upon the Mexican government from outside sources. Since Mexico is economically dependent upon U.S. dollars and tourist good-will, it is likely that sufficient pressure from the U.S. in the form of an economic boycott and bad publicity would assist in securing the release of the political prisoners.

It is therefore urged that you:

- 1) BOYCOTT MEXICO AND MEXICAN PRODUCTS
- 2) PUBLICIZE THE BOYCOTT WHEREVER POSSIBLE
- 3) WRITE LETTERS AND SEND CLIPPINGS ABOUT THE BOYCOTT TO:

- a) Departamento de Turismo
Residencia 45
Mexico, D.F., Mexico
- b) Luis Echeverria, President of Mexico (as of 13 July, 1970)
Mexico, D.F., Mexico
- c) Mexican Embassy
Washington, D. C.
- d) Embajada de Los Estados Unidos

(WARNING: The possession or distribution of this information within Mexico is good for 3-12 years in prison and/or \$0-\$500 dollar fine.)

WORKSHOP REPORT: ROOM 207, SATURDAY

Sexism: After full discussion at a Saturday evening session, (men and women present) the workshop drew up the following statement of principle for this conference to consider a formal proposal:

"We the people of this conference recognize that sexism is as destructive to the human race as racism, imperialism and other methods of exploitation. We resolve to struggle to end sexism as actively and as intensively as we struggle to end all other forms of oppression. Men especially must begin to take this seriously and to fight alongside women on both the personal and public levels."

Five Brandeis students representing the National Strike Information Center filed suit this morning against Brandeis University and the Waltham City tax assessors in Federal District Court. The suit seeks a temporary restraining order and a permanent injunction against the removal of NSIC from Brandeis campus and against further interference with its activities. This class suit is being brought on behalf of all persons similarly situated. It charges that Brandeis University and the Waltham tax assessors acting in concert have violated (C) students' rights under cover of state law in violation of the Federal Civil Rights Act of 1965. It also charges violation of (C) students' rights under the First, Fifth and Fourteenth Amendments.

National Strike Information Center was established at the onset of the National Students Strike for the purpose of collecting and disseminating information related to the three Strike demands and Strike activities. NSIC has continued its activities throughout the summer, publishing a weekly newsletter as a student organization on Brandeis campus. It operates out of Assistant Professor Neil Friedman's

office located in Pearlman Hall with permission of that professor.

On June 1 the University received a tax bill based on an assessment from the Waltham tax assessor for \$85,000 on Pearlman Hall on the grounds that it was being used for non-educational purposes. Various incidents and harassment followed including the return of mail addressed to NSIC marked "not at Brandeis."

On Friday, June 10, the Waltham tax assessors, in preparation for the Tuesday meeting of the Board of Assessors, "inspected" the campus by visiting President Schottland's office. That same day (TUE) members of NSIC met with President Schottland to reaffirm to him that NSIC was in fact continuing to operate on Brandeis campus and had no plans to move. On Tuesday, July 14, the Board of Assessors rescinded the tax assessment. President Schottland's assurance that NSIC no longer operated on campus. This marked the beginning of many further actions on the part of the Brandeis administration which directly countered the informal agreements made between that administration and NSIC.

At an August 3 meeting to further discuss the status of NSIC, President Schottland issued an order directing NSIC

to "cease and desist from (ITS) use of any Brandeis offices and rooms for National Strike Information Center activities." The University posted guards to prevent NSIC members from entering Pearlman Hall, and turned the building, according to one faculty member into a "fortress." The University ordered NSIC's private telephone removed and, for the second time, ordered mail returned to senders.

The University's historical role has been to support freedom in thought, research and publication. We believe that as a result of increasing political pressures the University has begun to abdicate that role. In bringing this suit against Brandeis and the Waltham Board of Assessors, we are trying to clarify the kinds of activities which should be allowed in a tax-exempt educational institution. We are also trying to counter the use of a threat to tax-exempt status as a means of repressing dissent on campus.

That the United
States government
and its sympathetic
opposition diplomats
desist from
releasing ditched prisoners
such as Baby Sosa
and other members of the
Bitter Partner Party.

That the United States
cease its escalation of
the Vietnam War
into Cambodia and Laos;
immediately withdraw all
forces from Southeast
Asia.

That the universities end their complicity
with the United States war machine by the immediate
end to defense research, ROTC, counterinsurgency research,
and all other
such programs.

Date 10/6/70

L.

[redacted] Property Management Company, furnished the following information:

He is a part time dealer in the sale and purchase of guns in addition to his business as the manager of vacation properties.

On September 5, 1970 at approximately 3:00 PM, two white males came to his office. He subsequently identified these individuals as WILLIAM GILDAY and STANLEY BOND. They were interested in seeing the guns which he had for sale. GILDAY asked about a Smith and Wesson 38 caliber special which he had advertised and GILDAY indicated that he was in New Hampshire on a 22 day leave at his home in Rye Beach from the Merchant Marines. He added that he was going to ship out again but prior to that, he wanted to go hunting and to have a gun on board ship. [redacted] did not sell him the 38 special but he sold him a Stevens 12 gauge shotgun, model 820B for \$150. According to [redacted] this shotgun does not have a serial number on it. GILDAY then asked about a rifle for deer hunting and BOND indicated that he was also interested in a rifle for deer hunting. They purchased a Thompson rifle, 45 ACP caliber, Serial Number 0797, manufactured by Volunteer Enterprises. According to [redacted] this is not actually a Thompson rifle but is a replica of a Thompson, however, it is a newly manufactured gun bought directly from the factory and is 45 caliber. The rifle had a 30 shot clip and a sling attached to it. This gun was sold for \$154. In addition, GILDAY purchased a Mouser rifle 308 caliber without a serial number. This gun had a Bushnell scope and this was purchased by GILDAY for \$160. In addition, GILDAY purchased an automatic pistol, 380 caliber, serial number 136796, a German model called Ortgies, which is manufactured in Erfurt, Germany.

[redacted] stated that GILDAY paid for these guns in cash with two \$100 bills, two \$50 bills and the rest in \$20's, \$10's and \$5's. He exhibited a Merchant Marine Identification Card showing ID #Z764081. He gave his home address as 23 Acre Avenue, Rye Beach, New Hampshire. [redacted] asked why he did not have a New Hampshire drivers license to which GILDAY replied that he is at sea too often for him to use an automobile. [redacted] stated that he had asked GILDAY if he had ever committed a felony or used drugs to which GILDAY answered in the negative. After the sale of the guns, [redacted] GILDAY and BOND went in [redacted] car to a local sandbank where they shot 100 rounds of .45 caliber ammunition. They also tested the 380 automatic at that time.

b6
b7C

[redacted] said that he does not recall the type of car that they were traveling in but he recalled that it was a new model, shiny red car, similar to a Mustang. He advised that GILDAY was wearing a sport shirt open at the collar and light tan pants. He recalled BOND was dressed in a dark navy blue blazer, dress shirt and wearing dark sunglasses.

b6
b7C

[redacted] made available photostatic copies of form 4473 entitled Firearms Transaction Record, which was filled out in the presence of GILDAY and which reflects the gun transactions.

BS 91-4219
JFS:po'b

Included among the guns located at the time of the arrest of subject BOND was a .38 Colt Police Positive Revolver, serial number 137311. This gun had been placed in NCIC by the Boston Division as the gun taken from Guard, [redacted] at the time of instant bank robbery.

FLOYD I. CLARKE,
Special Agent, Federal Bureau of
Investigation
September 24 70

R. ROBERT POPEO,

AFFIDAVIT

I, [redacted] Special Agent, Federal Bureau of Investigation, being duly sworn, depose and say:

b6
b7c

That on September 24, 1970 I was informed by Robert Joseph Valeri, a prisoner at the Suffolk County Jail, Boston, Massachusetts, that he had participated in a robbery of the State Street Bank and Trust Company, 300 Western Avenue, Brighton, Massachusetts, which robbery took place on September 23, 1970 at 9:45 a.m. approximately. Mr. Valeri further informed me that participating in this robbery with him were William Morrill Gilday, Jr., Stanley Bond, [redacted] and [redacted]. Mr. Valeri informed me that during the robbery he was present in the bank, standing by the front door, carrying a sawed-off shotgun and guarding that area. On September 24, 1970 I observed developed photographs taken from a sequence camera in the bank in operation during the robbery. Among these photographs is a photograph which I recognize to be a photograph of Robert Joseph Valeri standing in the vicinity of the front door of the above-described bank, holding a sawed-off shotgun. Mr. Valeri further told me that the above-described participants in the bank robbery with him had planned to travel outside the State of Massachusetts and most likely to the San Francisco area.

b6
b7c

On September 24, 1970 I was informed by Deputy Superintendent [redacted] of the Boston Police Department that on September 24, 1970 separate complaints numbered 8315, 8316, 8325 and 8326 were issued in the Brighton District Court, each charging the crime of murder against William Morrill Gilday, Jr., Stanley Bond, [redacted] and [redacted] respectively; that Superintendent [redacted] further informed me that the crime charged in each of these complaints was the killing of Boston police patrolman Walter Schroeder, who died of a gunshot wound inflicted during the commission of the above-described robbery of the State Street Bank and Trust Company, 300 Western Avenue, Brighton, Massachusetts, on September 23, 1970. Superintendent [redacted] further informed me that as a result of the above-described complaints, warrants were issued on September 24, 1970 for the arrest of William Morrill Gilday, Jr., Stanley Bond, [redacted] and [redacted] and that said warrants were given to the Boston Police Department for service on the named defendants.

b6
b7c

Superintendent [redacted] further informed me that in the course of his official duties, he and other members of the Boston Police Department acting under his supervision have attempted to locate the above-described defendants who were resident in Massachusetts prior to September 23, 1970; that all efforts to locate said defendants have been fruitless; that said defendants have been searched for at their last known addresses, among their acquaintances, and at their usual haunts, all with negative results, and that said warrants of arrest are still outstanding and unexecuted.

That I and other members of the Federal Bureau of Investigation have actively looked for the above-described defendants at their last-known residences in the Commonwealth of Massachusetts both on September 23, 1970 and on September 24, 1970 without success.

That on September 24, 1970 at approximately 2:30 a.m. I received information from the New Hampshire State Police that a person corresponding to the physical description of William Gilday and carrying a gun and exhibiting a large roll of money had fled a restaurant location in Hampton, New Hampshire, leaving behind

identification in the name of William Gilday, Room 324, Young Men's Christian Association, Huntington Avenue, Boston, Massachusetts. In the course of my official investigation I have determined that William Gilday, subject of Complaint No. 8315 for murder in the Brighton District Court, has resided at the above-described Boston, Mass. Y.M.C.A. address during the period immediately prior to September 23, 1970. I was also informed on September 24, 1970 by Detective Lt. [redacted] Massachusetts State Police, that a search of the American Airlines terminal area, Logan International airport, Boston, Massachusetts, on September 24, 1970, disclosed two canvas money bags marked "State Street Bank and Trust Company" and a purple-colored dress abandoned in the trash receptacles. As a result of my investigation of the robbery of the State Street Bank and Trust Company on September 23, 1970, I learned that money was taken from the bank in canvas bags and that [redacted] one of the participants in the robbery, was described as wearing a purple dress during the course of the robbery.

b6
b7c

Based on the foregoing, it is my belief that William Morrill Gilday, Jr., Stanley Bond, [redacted] and [redacted] have fled the jurisdiction of the Commonwealth of Massachusetts.

AFFIDAVIT

I, William J. McGrath on September 29, 1970 through the course of my official duties as a Special Agent of the Federal Bureau of Investigation learned that Special Agent [redacted] had received the following information from Robert Joseph Valeri.

b6
b7c

Agent [redacted] learned from Robert Joseph Valeri that on September 22, 1970, [redacted] was present at [redacted] where in his presence plans were formulated for the robbery of the State Street Bank and Trust Company, 300 Western Avenue, Boston, Massachusetts. The individuals participating in this discussion were Stanley Ray Bond, William Morrill Gilday, Jr., [redacted] and Robert Joseph Valeri. Valeri further stated that [redacted] spent the night at this residence with [redacted] Gilday, [redacted] and Valeri and that on the morning of September 23, 1970, [redacted] was present when weapons were loaded into automobiles used for the purpose of committing the above bank robbery by Bond, Valeri and Gilday, [redacted] and [redacted].

[redacted] Following the robbery of the above mentioned bank [redacted] was again at [redacted] while proceeds of this bank robbery were being counted by Bond and that discussion took place between Gilday, Bond and Valeri in [redacted] presence concerning the robbery of the above said bank during the course of which Walter A. Schroeder, the Boston Police Officer was wounded and later died as a result of these wounds.

b6
b7c

Investigation furnished as a result of investigation conducted by the Federal Bureau of Investigation in Philadelphia reveals that [redacted] admitted being present in Boston, Massachusetts on the evening of September 23, 1970 with [redacted] Stanley R. Bond and [redacted] [redacted] when they were departing for Philadelphia in a red Volkswagen Fastback with Massachusetts license. He last saw them at the Sheraton Hotel, Philadelphia, Pennsylvania where they were living under the name [redacted] on September 24, 1970.

On September 29, 1970, I was informed by Deputy Superintendent [redacted] of the Boston Police Department that on September 29, 1970, a complaint numbered 8690 was issued in the Brighton District Court charging the crime of accessory after the fact - murder against [redacted] Superintendent [redacted] further informed me that the crime charged in the complaint was in connection with the killing of Boston Police Officer Walter A. Schroeder who died of a gunshot wound inflicted during the commission of the above described robbery of the State Street Bank and Trust Company, 300 Western Avenue, Boston, Massachusetts on September 23, 1970. Deputy Superintendent [redacted] further informed me that as a result of the above described, a warrant was issued on September 29, 1970 for the arrest of [redacted] and that said warrants were given to the Boston Police Department for service on said defendant.
